Check-in

The check-in procedure has to be attended by the Skipper &/or Co-Skipper only.

Check-in procedure involves 2 steps:

1 FORMALITIES & DOCUMENTATION

Our reception office is the first place to visit upon your arrival at the marina. There you will: present your sailing and VHF certificate (ORIGINALS), leave your security deposit and do pending payments (if any) including residence tax.

SECURITY DEPOSIT

Refundable security deposit can be paid only with credit cards (Master Card or Visa). Cash, debit cards and personal checks are not accepted.

Our reception staff will provide boat documents and the crew list once the boat is ready for embarkation.

Carefree packages combine popular extras with deposit insurance, just to make your time at sea carefree, without worrying about unexpected costs- can be ordered in advance or at the reception directly.

2 TECHNICAL INSPECTION

We are pleased to offer a video check-in option for most of our yachts. The link for video check-in will be provided with a boarding pass but can be shared with you at our reception office upon your arrival as well.

Video check-in allows you to check the boat alone according to the video guide and the check-in list. When you are done our crew member will arrive for any further questions or help required.

Check-out

The yacht is to be returned to the base on Friday, not later than 18:00 hr (if not agreed differently) with **full fuel tanks and empty black tanks**.

The nearest available gas station is in the Marina Kaštela but since the station works only during high season months please double check working hours at embarkation with our staff.

Suitable alternatives are gas stations in Split, Milna (island Brač) and Rogač (island Šolta).

We suggest counting in the extra time for refueling since other charter boats will also be on their return and the gas station will be busy.

During check-out, your presence is mandatory since our staff comes aboard and checks the yacht and its equipment. In the meantime, the yacht will also be checked underwater by the diver. Once both inspections are done your deposit can be released. Should there be any payments left for the check-out please turn to our reception office to finalize the check-out procedure.

We wish you a
Wonderful sailing vacation!
