**Hanse
Dealer of
the year**

Dear reader,

It seemed like the whole world stopped for a moment. Quarantine, self-isolation and social distancing were the way we lived our lives those few months. We transferred offices to our homes and replaced face to face communication with conference calls. It took some getting used to, but we did it! Fortunately, it wasn't before long before we sailed again!

In the meantime, we launched our innovative new website, with a simple real-time search and availability of over 3 000 yachts covering the entire Croatian coast and 48h free cancellation policy. Look for "CoV19 flex payment" badge for even more flexible booking options! Also, we added brand new yachts to our fleet of over 100 yachts, including new models such as catamarans Bali 4.8 and Bali Catspace. Not to forget our FJORD 38Xpress, made for those who want to BE UNIQUE. Crewed charter seems to be next big thing and we responded by adding Hanse 675 So So and another Bali 5.4 Marea I to our fleet.

To keep our guests and staff healthy, we have implemented new safety measures, including self check-in with video guides, even more rigorous disinfection techniques and minimizing physical contact.

Hard work, team spirit and dedication of our employees made all of this possible! We will continue to provide Yachting at its best because you deserve it. Dive into the pages before you and on our website and get your dose of summer inspiration!

DOMAGOJ MILIŠIĆ, Managing director

New honor for Croatia Yachting

After being awarded as the best charter company in Croatia for 2017 and being among the top three contenders for the same title for the year 2016, we have received a Special recognition for developing a quality management system in 2018 that leads to providing the highest level of service to our clients. Another recognition came our way recently as

Hanse Yachts awarded us the Dealer of the year title for 2019! This, latest in the string of awards is another proof that hard work and putting the client first is the right and only way. It's safe to say that this recognition motivated us to keep on pushing things forward and continue to be the frontrunner in the nautical industry, not just in Croatia, but also in the world!

Award worthy fleet

This year has been very kind to us, at least so far. Truth be told, when you have only best brands in your portfolio, that is bound to happen. In 2019, three boats in our fleet have been nominated or have won the award in their respective categories! This much of the introduction is probably enough, so let's start with the fun stuff. Here are our award worthy boats.

Bali 5.4

Bespoke experience with
MULTIHULL OF THE YEAR

New flagship of the Bali brand brings an abundance of innovative solutions as all the other Bali Catamarans. Once you step your foot aboard this magnificent vessel, it will be quite obvious what the focus of the design had been – you. It's built to make the sailing experience uniquely luxurious, with an abundance of space, light and absolute comfort. One might think that these words are subjective and perhaps too kind, but here's the ultimate argument for the mastery of Bali 5.4 build – 2019. Multihull of the Year award!

You can find this masterpiece of a catamaran in our fleet under the names Allure I and Marea I. Thanks to her Open Space concept, Bali 5.4 provides the ultimate comfort at sea, equipped for any desire you may have! This masterpiece will bring carefree sailing to all of the vacationers aboard. With dedicated crew of captain and stewardess, there is only one thing to do – kick back and relax! (OK, that's two, but you get it).

Sealine F430

Nominated for 2019 Motor
Boat Awards & 2019
Powerboat Award

The F430 is a Sealine through and through – crowned with a captivating flybridge. Reigning over the characteristic, unmistakably large panorama windows is a viewing platform that satisfies your every desire. High-speed performance ensures that the everyday hectic quickly disappears behind the horizon. The new Sealine F430 – an experience that every yacht enthusiast is magnetically drawn to. In 2019 Sealine F430 has been recognized for its beauty and crafting not once, but twice! After already being nominated for the European Powerboat of the Year, the Sealine F430 now is a finalist for this year's Motor Boat Awards in Great Britain. The judges from international highly-respected Motorboat & Yachting magazine honour each year the most innovative and exciting yachts in several categories. Enjoy the light, feel the space, combine functionality with design – that's the Sealine way!

Hanse 675

Anything but So So
experience – made
especially for you!

In the owner's cabin, the centrepiece of any luxury yacht, a wave shape design has been implemented to use the available space in the best possible way. After a good night rest in one of three cabins, have a breakfast in the cockpit, while enjoying the sea breeze and the view of Adriatic.

Daniel Korth

Daniel Korth and his business partner Markus Sofje have successfully engaged with our Charter Management program for the past 5 years.

My name is Daniel Korth. Together with Markus Söfje, I am a managing director and founder of the charter agency Auszeit-yachtcharter. Besides the agency business, we operate our own yachts in the Baltic sea and Croatia. I have sailed in many areas in Europe, and last year only, I've been in Croatia for about 5 times, enjoying the commitment and friendliness of Croatians. We got our first Hanse yacht in the Baltic sea, and we wanted to create our fleet in Croatia. The most important thing for us was to find a reliable partner, with experience with Hanse yachts because we can't be in Croatia all the time. Combining business with pleasure, we sailed in Croatia and explored different charter operators. First thing we realized that the yachts operated by Croatia Yachting were well equipped and in excellent condition. Already during the first conversations, we had a good feeling. We were offered the contacts of other owners to get the information from the owners' perspective. Of course, we had some concerns, the biggest ones being: Is the partner reliable in terms of maintenance and care of the boats? How clear is the accounting regarding the maintenance and repair of the boats? How does the payment work? How is the utilization of the boats? What about Croatian VAT?

All these questions were answered in advance and we were not disappointed in the aftermath. The utilization of the boats corresponds to the forecasts. Also, Croatia Yachting has given us a lot of support in refunding the VAT. Entire process with Croatia Yachting is very professional. We had support in all areas and steps of the process. It's important to us as owners to be able to use our yachts regularly, and this is very simple. At the beginning of the charter season, we inform Croatia Yachting about the weeks we would like. Then, they block the boats, so they are not offered for booking. All we need to do is to fill in a form. Also, if there are some booking gaps, it's possible to make your last-minute owner booking! We are very satisfied as the booking results and the condition of yachts fully meet our expectations. That is why we are planning our 4th Hanse yacht with Croatia Yachting. The sailors designated to our yachts do a very good job and they are always available for us, listen to our wishes, while all the technical issues are taken care of immediately. The cash flow is very clearly displayed in the Nausys booking database. We always have control over the revenue. Charter Management forecasts predict the

maintenance costs accurately and all the warranty and deposit claims are handled by Croatia Yachting. Our sailing team also participates and competes at the Hanse Cup Adriatic regatta that takes place each year! The slogan of the event says it all - 3 days of sailing and fun! Every year it is great to meet teams from all over the world and to sail against each other without taking the whole thing too seriously. In conclusion, from my point of view, the Charter Management program by Croatia Yachting is very interesting for both investors and private owners. As a private owner, you can finance the boat with the charter income. As an investor, it is possible to generate income. As always, the most important thing in life is the right partner! We can only recommend Croatia Yachting as a reliable partner from our experience in the last years.

Yacht as a smart investment

Have you ever dreamed of having your own YACHT? We believe you have. This could be the right solution for making your dream come true.

We, as an official distributor for Hanse, Dehler, Bali, Sealine and Fjord yachts and one of the leading charter companies in Croatia, offer the easiest way to your own yacht with minimum investment through our Hanse Yachting World and Bali Yachting World Charter Management programs, providing you with a chance to earn additional income at the same time. You can easily and quickly become a yacht owner through this program, without having to care about the yachts maintenance or berth. If you consider that most owners use their yachts only two or three weeks a year, financing the purchase, maintenance and a berth in a marina all year round does not make much sense. For this type of yacht owners, the Easy Yacht Charter Management program is the ideal solution.

The program is designed in order to enable you to finance the purchase of a yacht, its maintenance, and berth costs from the profit generated by chartering, making it also possible to earn additional income. In charter management, the most common form of financing the purchase is financial leasing with a minimum down payment of 35%, while the remaining sum is paid in monthly instalments from charter income. The charter income will cover your leasing costs, as well as all costs of regular maintenance, berth, insurance, and registration. When it comes to choosing a yacht, the final decision is up to you. However, in order to make your purchase more favourable for you, we will recommend the best performing models based on our business experience. Furthermore, detailed

calculations of income and expenses will provide a clear insight into the cost-effectiveness of specific models in order to make your decision on yacht type and model easier. There is also no need to worry about the condition of the yacht. A well maintained and fully functional yacht is the only way to a satisfied charter customer, thus being the key to the success of each charter company. Therefore, our professionally trained staff performs constant checks of the state of your yacht and equipment and services them regularly. Constant monitoring and professional maintenance ensure a long lasting yacht and equipment and with that its high resale value. Hanse and Bali models can be seen, tested, or chartered in our charter bases in Kaštela, Dubrovnik or Biograd.

Croatia Boat Show April 2021

22nd edition of Croatia Boat Show is postponed until 2021, due to the coronavirus pandemic. The expectations are high, since all of the participants and visitors can't wait for the opportunity to display their yachts in Split. Of course, we want our bit to be one of the main attractions of the show. Our selection of boats on display will be stunning, including almost entire range of Hanse yachts and Bali catamarans, including brands flagships Hanse 675 & Bali 5.4. Visit us in Split, and learn all about the easiest way to own one of these amazing yachts!

Hanse Cup Adriatic April/May 2021

With 2020 Hanse Cup Adriatic we did the only responsible thing – we've postponed it until 2021. But worry not, our contenders will yet again have the opportunity to explore the Dalmatian coast and islands Three days of sailing and fun will be better than ever before, we are sure of it!

Hanse Cup Adriatic

Croatia Yachting in collaboration with Sailing club Zenta has organized the seventh edition of the Hanse Cup Adriatic regatta, which took place from May 11 to May 15, with the support of Uniqa insurance, ACI marinas as golden sponsors, and Erste and OTP leasing as silver sponsors. In 2019 27 teams with over 160 team members have participated in the race, which says a lot about the popularity of this regatta among sailing enthusiasts! Under the motto, „Three days of sailing and fun!“ participants have raced on the routes that explored the beauty of the islands of the Split archipelago and thus opened the sailing season.

Our plans got a little bit bigger for each day. First day our contenders set their sails to Komiza, with less than perfect sailing conditions. Fortunately, Komiza once again proved itself to be a safe harbour, so everyone could rest for the rest of the race. Second leg was marked with more favourable winds, and once arriving to Palmizana near Hvar we had a little surprise prepared – electric SUP competition. Bit of adrenaline is the great way to recharge the batteries, with one lucky winner who got a SUP to take home with him! On the last day, we finally woke up to see perfect sailing conditions so the race to Milna on the island of Brač was a proper thrill!

Finally, after three days of sailing and fun it was time for the award ceremony and one last celebration! The goal of the Hanse Cup Adriatic regatta is successfully accomplished – the sailing season has been opened in the best possible way!

And now it's time to get ready for **Hanse Cup Adriatic 2021!**

As Hanse Cup Adriatic 2020 had to be postponed due to the coronavirus pandemic, all we can do now is look forward to the Hanse Cup Adriatic 2021! So make sure to keep us in your calendar!

Wakeboard

Combination of snowboarding, surfing and water skiing sound about right? In that case look no further than wakeboard. Wakeboarding means that you are being towed behind a motorboat at top speed of around 17 – 24 miles per hour. Cut the waves or take up the challenge try the jumps by hitting the wake and launching the board into the air! It's all about the technique!

SUP

For those in search for a calmer activity we present stand up paddling. But bear in mind, just because it doesn't involve an engine it most definitely doesn't mean you're up for a calm day. Stand up paddling is

high-level whole-body workout. It's a combination of balance, strength, and endurance which are exercised whether you are paddling or just balancing on your board. We're talking about an excellent core workout, and not only that – you'll give your legs, back, shoulders, arms and neck which a proper sweat since they all work together.

Jet ski

When you go on a sailing vacation there's more than one way to feel the wind in your hair! Just sit on a jet-ski, hit the pedal and go! It's a great way to add a little excitement to your holiday. Drive in circles, feel the sun on your face, let the splashes of sea refresh you. There is no way your batteries won't be recharged.

Let us paint the picture.

You have decided to go on a yacht vacation, invested some time into planning the routes, places to see, food to eat, and chance is – you want the make the most of every second you spend in Croatia! Pick something from our selection of water toys and be an extra vacationer! Adriatic is perfect for all kinds of activities since its calm, clear and warm. Don't take our word for it, try it out yourself!

Everything you need for SAFE NAVIGATION

UNIQA

You know that feeling when you set your foot on a boat, and you start feeling happy butterflies in your stomach? Your vessel takes you into a reality in which only you and the sea exist. There is no world around you to bother you, only the wind that helps you set your course, the sky above you and the sea below you. Freedom. A rest for your soul. Is there anything more beautiful than that?

No, there is not, while the sea is calm, and you are on the mainland during a storm. For you to feel safe while your boat is moored in a port and while you are enjoying the delights of discovering hidden bays and the sunset, it is important to properly insure your vessel. Only thereafter, your navigation is carefree. You can insure your vessel with UNIQA osiguranje from a storm that can damage it, and even sink it, as well as from maritime accidents, while you can also insure your boat equipment – the engine system and accessories, even your belongings on board. The best manner of protecting your vessel is by arranging all-risk insurance, which covers theft, as well as the costs of retrieving and disposing of the wreckage. Because one must navigate, but safely!

Sometimes overlooked as a holiday destination in favour of the more famous resorts and islands further along the coast, the North Dalmatian region has much to offer to its visitors. The area contains the beautiful coastal towns of Zadar, Šibenik and Primošten as well as numerous islands and three national parks.

The city of Zadar is unique for its thousand-year-old urban existence which makes it one of the oldest cities in Croatia. This is a city filled with cultural and historical heritage that can be seen just by walking through the city. Zadar is not too crowded, it's not overrun with tourists and its two unique attractions – the sound-

and-light spectacle of the Sea Organ and the Sun Salutation – need to be seen and heard to be believed.

Šibenik is located in a deep inlet where the river Krka flows into the Adriatic Sea. Its port is very well protected from all winds and is ideal as a starting point of your cruise. Numerous churches, monasteries, palaces and four fortresses 'frame' the city, and also testify to the perseverance, renunciation and faith of generations of people of Šibenik.

Primošten is located on a peninsula that was an island once and is one of the most attractive destinations on the Adriatic coast with a typical look of an old fishing town.

South Dalmatia

Natural beauty

South Dalmatia is Croatia's most important holiday-making destination with the city of Dubrovnik as its capital. Dubrovnik is known worldwide as a true pearl of the Mediterranean, but one must not forget the picturesque towns, replete with history and exquisite natural beauty, which surround the city on both sides and greatly add to its appeal. Remains of fortifications which testify to a long history of repulsed invasions can be found throughout the area. The most known islands of this area are Korčula, Lastovo and Mljet, very popular for sailing.

With its sublime location, overlooking the blue waters of the Adriatic, DUBROVNIK is one of the world's most magnificent walled cities. It's a UNESCO world heritage site and Croatia's most known destination. Don't miss visiting Dubrovnik city walls and the main street Stradun. If you want to enjoy the breathtaking view of the town, take Dubrovnik cable car to the hill Srd̃. The town of Korčula, known as the birthplace of the adventurer and traveller Marco Polo, is sprung up on a small peninsula overlooking the Pelješac channel. The wealth of its stonemasonry and architecture has been winning visitors over for centuries. The island of Mljet hides under its wing the very first national park of the Adriatic. A heaven for sailors and a common target for pirates, Mljet island is today an essential destination, recommended by numerous global magazines and guides. Many agree Mljet is precisely the place where the mythical Ulysses lived for seven years entranced by the nymph Calypso.

Restaurant Fešta

Located at breathtaking location at Golubovac bay at the island of Žut, Kornati archipelago, Croatia, Sea-food restaurant Fešta represents unique object of its kind- not only in Croatia, but in the world. Surrounded by the beautiful Adriatic Sea near Kornati National park, Fešta is situated among ancient olive trees that belong to its owners, Mudronja family. "Fešta is not only a restaurant, Fešta is everything but only a restaurant." says Mr Krešimir Mudronja, Executive manager of the restaurant. Fešta is a life story of his family whose three generations worked (and are still working) endlessly hard to come where they are now, to create something so special like Fešta. They are paying attention to every single detail - from architecture to gastronomy. If you come and take a look, you will see a special bathrooms designed by one of Croatia's most famous architects Mr Nikola Bašić. Everything they is to respect the scenery they are

surrounded by and the environment that dictates their lifestyle. Fešta combines high gastronomy with tradition, therefore they manage to achieve, as they like to call it, a traditionally modern high gastronomy. Fešta exclusively use organic products in preparing food, herbs from their local herbarium and fish from local suppliers. Everything must be fresh and in symbiosis with the location. Inspirationally designed wine cellars offer variety of hundreds of bottles of Croatian's and world's best wines. Guests are mostly yachtsmen and sailors which is not uncommon concerning the fact that Žut has no regular ship line. During the decades, what started as a simple mooring for the family's boat, became quality place for moorings that can now safely take almost 40 boats. High gastronomy, architecture, romance, family, love, all that lies in perfect harmony jointly called "Fešta". Fešta- an emotion, experience, a lifestyle.

Taverna Riva Bol

Recipe

Gnocchi with grancigula crab

Homemade gnocchi with grancigula crab is one of their most sought after dishes, and chef was kind enough to share the recipe! With just a couple ingredients being necessary for this dish, it's perfect to prepare it even on your sailing vacation!

Ingredients

- Olive oil*
- Garlic*
- Crab meat*
- White wine*
- Drop of cream*
- Crab caviar (if available)*

So, you'll need olive oil, garlic, crab meat, white wine, drop of cream, crab caviar (if available). First things first, over a medium heat fry the garlic on olive oil. Then, add crab meat and a glass of white wine, the good kind – if it's good enough to drink it, it's good enough to cook with it. When the alcohol evaporates, pour in the cream, add the caviar and stir until the sauce is combined. Cook the gnocchi and add them to the rest of the dish, grate some parmesan cheese over the dish, a bit of freshly ground pepper and a tiny bit of salt! That's it – you have your proper Dalmatian dish ready and served!

Restaurant Taverna Riva is located on a Bol promenade, thus justifying its name. On the ground floor you'll find bistro-café, it's the perfect place for your morning coffee and have a breakfast of your liking. Imagine this – fresh croissant or rich breakfast while enjoying the morning view on anchored boats. Vacation mode activated! On the first floor you'll find a restaurant with a spacious terrace traditionally made of stone, and a true Dalmatian view – harbour of Bol, Adriatic Sea and the island of Hvar.

Chef – owner Josip Eterović took over the family business and turned the old tavern into a modern restaurant with an amazing selection of traditional dishes with a high-end touch. Daily procured fresh sea food, fish, scampi, lobster, and if by any chance that isn't enough to make you hungry there is a vast selection of authentic Brač food on the menu – lamb dishes, octopus under the peka and all kinds of delicious sweet treats! Chef puts an extra effort into food serving so there is a dose of creativity put into plate decoration!

Sea bass carpaccio

Given the specific location, part of the menu changes on a daily basis depending on the availability of fresh local produce, while herbs and salt are grown and procured by Moro team themselves. Team leader and chef Marko Ivančević claims that around Moro there is nothing tastier than fresh fish carpaccio so on a there is a special place for fresh sea bass carpaccio with bitter oranges and vegetables.

Ingredients for four people

- 400 g of fresh sea bass
- Bitter oranges emulsion
- Cucumber, spring onion and zucchini gazpacho
- Pickled kohlrabi
- Basil oil
- Raspberry powder
- Peas microgreens
- Flower of salt

Cut the fresh sea bass filet on smaller pieces and season it with bitter oranges emulsion and flower of salt, and then chill it in the fridge. After an hour, put it on a plate, together with the gazpacho of cucumbers, spring onions and zucchini, pickled kohlrabi, basil oil and raspberry oil. Some of these ingredients may be difficult to find so you can replace them as follows: instead of bitter orange emulsion use freshly squeezed orange or lemon juice, replace basil oil with extra virgin olive oil, and gazpacho and pickled kohlrabi replace with fruit such as oranges or figs. Season altogether with coarse sea salt.

Moro Beach Stupe is an interesting gastronomical project on an island Vela Stupa in Korčula archipelago that is going strong for the third year in a row! Here, the entire experience of Moro breaths in the perfect harmony with the untouched surrounding nature.

Favourite spot for the people of Korčula this magical place known for its crystal clear sea and the most amazing sunset in the world, three years ago became the gastronomical oasis. Visit Moro by boat, chartered

or taxi boat, sunbathe on the lovely beach, relax in the beach bar and enjoy the taste of the modern local cuisine. Moro is also famous for its swing in the sea, which became very popular on social media. So, long story short, unique model of Moro continues for another year: the menu created from daily available, fresh ingredients from the Adriatic complemented by the top-notch wine and cocktail selection, crystal blue sea, and most importantly – trademark, laidback #back4moro atmosphere.

Reveal the Adriatic

Hi there! I am Nina, your Charter Broker, I have graduated from the Faculty of Maritime studies with a degree in Maritime management and for as long as I can remember I was passionate about boats, no wonder I joined first one at the age of 22.

Years of experience as a crew member on several pedigree superyachts cruising to some of the most sought-after charter destinations in the world taught me the importance of meticulous attention to detail.

The idea behind crewed charters, is that a guest should only contact us, tell us what they want and of course, get on board.

Combined with practical and intimate knowledge of yachts and love for travel, it is safe to say that every itinerary will be planned to perfection with fantastic local highlights dotted throughout.

Nina Kalinić

of service. It is entirely up to you if you want to be just a relaxed luxury vacationer, or to participate in sailing, and learn new skills from the crew. And trust us, the crew is our secret ingredient for the most amazing charter experience! Large sailing boats, catamarans and luxury motor yachts can be chartered with a permanent crew.

These yachts are usually more luxurious than those you can charter in bareboat arrangement and come with a vast array of water toys for your all kinds of water activities – tender for water skiing, kayaks, snorkelling equipment are just some of the toys that are at your disposal all the time.

So let's meet the yachts!

This year we are expanding on our bespoke catamaran offer with brand new Bali 5.4 called Marea I. She will be a wonder in her own merit, owners' version, with 5 en-suite cabins with separate two cabins for the crew, including a large master cabin, equipped with AC in each one, TV, washing machines and of course, trademark of the brand – tilt-and-turn garage style door.

Another brand flagship has become a part of Croatia Yachting fleet – Hanse 675 So So. This comfortable and spacious sailing yacht fits perfectly into the concept of luxurious leisure of the Adriatic. Increased skylights and hull windows, spacious deck layout with plenty of cockpit space and foredeck for sunbathing provide the best sailing life of your dreams.

Captain Hrvoje Miličević

Team at its best Croatia Yachting crew

He's a confident, energetic, adaptable and experienced, like a proper Croatia Yachting man. He likes being a part of the team, but if he has to take charge as an individual he most certainly will. With his excellent knowledge of the Adriatic Sea, he can take you to the secret corners of the Adriatic or the most popular hot spots that will just amaze you. Hrvoje loves snorkelling and spearfishing, and he knows just the right places to do so! He also loves to travel and has seen places such as Slovenia, Montenegro, Greece, Turkey, Malta, Italy, France, Spain, Caribbean Sea, Tunis, Morocco, Israel, Tenerife, Madeira, Nepal, Thailand, Peru. On his travel wishlist, there is still South Africa! Sailing with his family since a little boy, Hrvoje is a proper expert ready to answer all your questions and show you just the right places!

How did you decide on sailing as a career path?

Well, as a kid my dad signed me into a sailing school and that was it. I was immediately hooked! Sailing season was everything, I couldn't wait for it to begin. Fortunately, my family had a boat so I could sail any time I wanted, at least if my grades were good. A couple of years later, my friends and I started attending regattas... in short, sailing became my style of life!

Finish the sentence – Life without sailing is...

... without any excitement, it's boring, and sort of empty.

Where have travelled so far?

You mean by sailboat? I have sailed to Slovenia, Montenegro, Greece, Turkey, Malta, Italy, Spain, France and the Caribbean Sea. Without a boat, I have visited Tunis, Morocco, Israel, Tenerife, Madeira, Nepal, Thailand and Peru.

Anything specific still left on your travel list?

I would really like to travel through South America. I

am fascinated by all the natural beauties, history of the place and their way of life. Hopefully, I'll manage to go there soon.

But your favourite place to be is...

I know you want me to say it's somewhere in Croatia (laughs), but the truth is the best place to be isn't really "a place", you know? Favourite place is anywhere here I'm happy and surrounded with good people and positive vibes.

What is the most fascinating thing that happened to you on your travels? Tell us an anecdote!

Well, out of all of the things I have experienced in my travels, there is one thing I'll always remember because it's sort of funny. I've been travelling in Nepal where I met this guy for Switzerland. And as you do with someone who is not from your country, for three days straight we spoke in English. At the very end of the trip, we realized that he actually speaks Croatian! I mean, what were the odds that I'll meet a Swiss in Nepal who knows Croatian?

What kind of traveller are you – do you like staying in one place for a couple of days or is it new day – new place?

Depends on the mood (laughs). I guess I'm a bit of both. I like to see and experience places at my own pace, but never for more than three days. I like to move around!

Strangest place you have slept is...

That's easy – mainsail lazy bag! And let me tell you, those things are not meant for people to sleep in.

Oh, and about the food – weirdest thing you ate?

Does the crocodile count?

What are the most common questions guests who come to Croatia ask you?

Let me remember... they mostly want to know what the temperature in the winter is and do we have snow. Oh, and will we see dolphins!

If there is one thing you would recommend to guests in Croatia – what would it be?

Leave your stress at home, forget your plans about holiday, just relax and enjoy the beauty of Croatia, enjoy the sea, breeze, good food... everything is gonna be all right!

We all know that one person that brings her entire closet for a weeklong vacation. When it comes to the sailing trip that just won't cut it.

How to pack

for a *sailing vacation*

1

The first thing to bear in mind is the space. Even the largest, most comfortable sailing boats have limited space, and it is necessary to utilize every square inch of it. Having said that, first space saver is your choice of luggage. Replace your hard material suitcase for a soft duffel bag, which can adjust its shape and fit into small places.

2

Next, you need to think about everything you need to take care of while on vacation! How about your skin? Sunny days, sunbathing, swimming, all of them are by the book summer activities and just to make sure you don't regret your choices, for example, sunburns, make sure you pack the right sunblock. Oil-based sun protection is a yachting no-no, since it leaves greasy stains, almost impossible to clean. So, a proper lotion with an appropriate sun protection factor – right in the bag. Also, bring some light cover-up clothes, like sarongs and tunics, a big straw hat and sunglasses!

3

Your skin isn't the only thing you should protect while sailing. All that wind and saltwater will leave some consequences on your hair as well (especially with curly-haired people). So, don't forget on a biodegradable, eco-friendly shampoo and regenerator! Your hair will thank you!

4

Summer nights are one of the most romantic and amazing things in the world. Light night breeze may bring that lovely sea scent and refresh you, however, pack a light windbreaker and carelessly enjoy your night! If you're a light sleeper you must pack earplugs and an eye mask in case the motor starts up early or the sun shines through the porthole.

5

Bring an extra battery or a portable charger for your phone. Electrical outlets on a boat may be limited. Make sure you bring extra batteries for your camera, as well as a waterproof case and plenty of memory for all the great shots you will take. Some books or an e-reader will come in handy for down hours. A deck of cards will similarly be helpful—plus, if you are sailing with people you don't know, cards are a great way to make new friends. Pack a few Ziploc bags to keep your cash, documents, and electronics dry while in your bag.

Did you know?

5 simple steps for clean and beautiful Adriatic

BE CONSCIOUS OF YOUR WATER AND ENERGY USAGE

This is something you should pay attention anyway since on the boat water and energy are in limited supply. So, make sure you switch off lights and air-conditioning in cabins when you don't need them and on the yacht, when you're leaving it. Use marina facilities for dishwashing, showering etc.

SAY NO TO PLASTICS!

Use a refillable water bottle, so you don't have to make plastic waste. Also, carry a reusable bag with you, and of course - even when offered, don't use the straw. These small changes can make a lot of impact on reducing the litter!

KEEP IN MIND TO SEPARATE THE WASTE AND RECYCLE!

Separate the degradable waste from plastics! In the marina there are always designated containers for recycling, so put them to good use!

YOU HAVE CHARTERED A SAILING BOAT - USE THE SAILS!

This goes without mention on a sailing boat, but here it is anyway. Feel the power of the wind captured in the sails, and make your vacation truly the experience for the lifetime! Oh, and reduce the usage of the fossil fuels in the process.

MIND THE BLACK WATERS!

Make sure you always use the black water tank when in bays, coves and marinas. Empty the tank in the designated marina facilities, when available, or in the open seas.

What our guests say...

• **Nick H., New Zealand**

We have been sailing in Croatia since 2016 and we really enjoy chartering with Croatia Yachting. Their team is very personable and always willing to help. Having an office in Split, as well as Kas'tela, made organising our charters really convenient and efficient. Their fleet of boats gives you a wide range to choose from, with both monohull and catamaran options. Their teams work hard to ensure that the boats are well-maintained and clean, fresh for each weeks charter. We love their Hanse fleet, and find that the sleek design of the Hanse boats is complimented by the care and attention to detail that the CY team provides. Their check-in brief is thorough and friendly, and any items noticed to be missing or requiring attention are seen to immediately, as they work as a team to rectify any last minute issues that crop up. We really enjoy chartering with Croatia Yachting. Their professionalism and high standards can be relied upon, they are easy to communicate with face to face or via email, and you can tell that they really take pride in what they do.

• **Max G., Sweden**

Recently went sailing on the Hanse 455 with Croatia Yachting. There were 5 of us + a skipper and the Hanse was extremely comfortable and spacious. Easy sailing for one skipper and she even fared well

in the 40-knot winds and 2-metre swells we faced returning from Brac to Split. The team at the office were warm and professional and the whole process was very simple. Our skipper Igor (provided by Croatia Yachting) was friendly and easy to be around - very important when you are sharing a space with someone. We only went out for 3 days, but would definitely love to be on any of the Hanse yachts for a full week sailing the Adriatic.

I want to say once again, thank You very much for the great support on the 'Supernova' from 12th May until 19th May this year. Everybody starting from the booking agent Dina, to the office and on the boat Stanko were really great. I will book again at Croatia Yachting, best experience with You all. Many greetings.
