IGNITE EVERY CELL

Just push the throttle a little. You instantly feel massive forces awaken beneath your fingertips. As the lever continues to go down, everyone's heart will be pounding in the rhythm of the roaring machines. The FJORD 490 OPEN/SPORT delivers a balance of agility, speed and responsiveness that electrifies all senses, no matter which engine option powers your boat.

Control is always part of the performance. The yacht can be manoeuvred with ease, and joystick-controlled thrusters ensure precise docking.

MAKE EVERY MOMENT LEGENDARY

Your FJORD 490 OPEN/SPORT is the place to gather like-minded souls around you. Two huge sunpad islands, two fold-down side balconies, a row of forward-facing co-pilot seats and the cockpit lounge: each area fosters a convivial spirit and beautifully choreographs your interactions. Together you experience the magic of boating so intensely that every moment will become a cherished memory.

Your guests will quickly come to appreciate the aft sunpad as the charming centrepiece on deck. With the side balconies down, it offers unobstructed views to the horizon. Fold up its front section to form a forward-facing bench for chatting vis-à-vis at the table. From the other bench at the level of the bathing platform, everyone can watch the wake foam up – or their friends enjoying water sports.

WALK AROUND IN ELEGANCE

Pick up a glass of something chilled or take a plate of gourmet bites – and smoothly stroll over the expansive main deck. The walkaround design guarantees all areas are seamlessly connected and easily accessible. A cool shade provided by the T-top on the entire deck rounds off your well-being. Despite its enormous size, the top blends harmoniously into the yacht's slender shape.

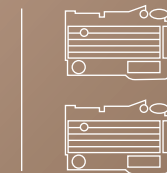

In this setting, everyone can enjoy the flow of activities with pure nonchalance. Lower yourself on a cushy sunpad. Cool-off with a dip in the sea. Then join the others for a superb al-fresco meal. Whatever you are doing – you will move across the stepless teak floor with a confident smile.

HEARTBEAT MEETS HORSEPOWER

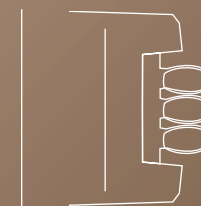

Experience how 1,800 hp set your pulse racing. The FJORD 490 SPORT comes with three Mercury 600 HP V12 outboard engines, allowing for a top speed over 40 knots. This is your model of choice if you place the highest value on agility, acceleration – and range. Increased fuel capacity gives you the freedom to seek the seclusion of the open seas or to make remote coves your hiding place.

UNBEATEN STORAGE

If you like to worship the element of water in every way, the FJORD 490 SPORT really plays to another of her strengths. There is room for all kinds of water sports gear under the fold-up sunpads aft: from complete diving equipment and inflatable loungers to technically sophisticated devices such as electrically powered SUP boards or seabobs. Just take what you feel like and turn the sea into your personal amusement park.

SIT DOWN, SPEED UP

Right next to the helm are the VIP seats for powerboating. Up to three co-pilots not only share the view through the panoramic windshield with the driver. They even have their own chart plotters with instrument panels built in the unmistakable Fjord style.

A MAGIC MATCH OF STYLE AND SUNLIGHT

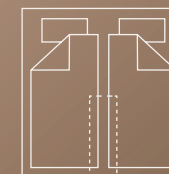

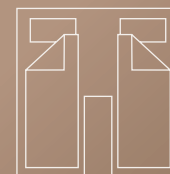

Each walk below deck will be rewarded – by an interplay of colours that puts the aesthetic senses in a state of bliss. And by surfaces so precious you instinctively want to glide your palm over them. Impressive hull windows with a total length of more than 7 metres illuminate this elegance with the most beautiful light the sun has to offer.

To ensure that you won't lack anything you want to have with you in this ambience, two wardrobes and large under-bed drawers are at your disposal. As an option, you can have the starboard side of the lobby furnished with additional storage space.

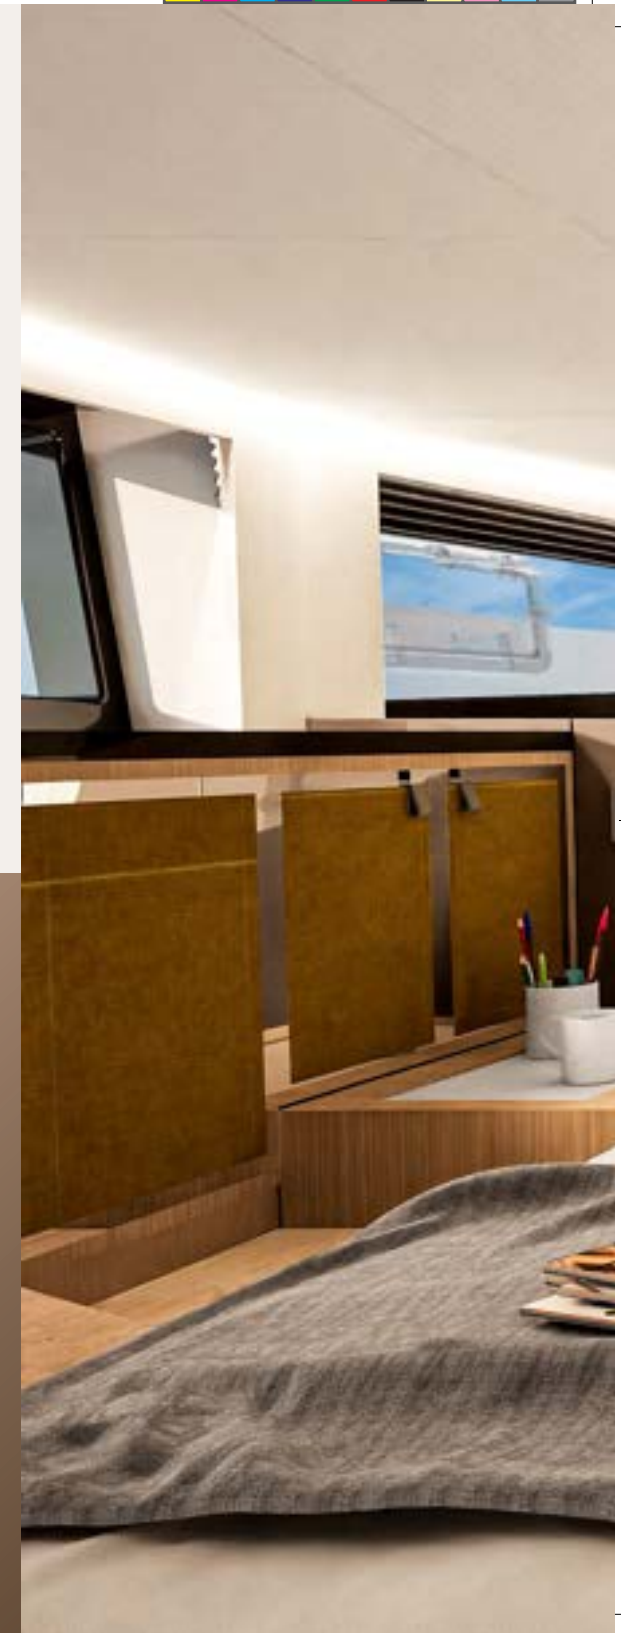

LEAVE YOUR SIGNATURE

The possibilities to customise your yacht to your personality and lifestyle start with the layout. As standard, we offer two double cabins, optionally with or without separating bulkhead. Or decide in favour of a bow setup with a U-shaped seating area to create a communicative lounge below deck. In this version, your full-beam master cabin is located amidships and features an enormous amount of space around the bed.

Since you know your family's taste best, you have an array of configuration options available to tailor the FJORD 490 OPEN/SPORT to your style. Dive into our world of furnishings, fabrics and colours. You will find everything to create a precious one-off that can elevate future vacations to new heights.
